Overview

Fullerton Healthcare Group (FHG) is an amalgamation of leading medical practices and groups such as Gethin-Jones, Drs Trythall Hoy Davies. Under one encompassing healthcare brand and system, Fullerton Healthcare is a leading corporate healthcare provider in Singapore and Malaysia. With 120 fully owned medical clinics across both countries, and supported by a network of 330 GP medical clinics in addition to 200 specialist clinics, we provide quality integrated healthcare solutions to over 7,000 businesses and 1.2 million lives. Today we continue to grow our network of clinics across the Asia-Pacific region.

Executive Health Screening - Cancer Scan

Early screening can help find cancer at an early stage, before symptoms appear. When abnormal signs or symptoms of cancer are detected early, treatment can be initiated earlier. By the time symptoms appear, the cancer may have grown or spread. This can make cancer harder to treat or cure.

Screening is effective in identifying the following types of cancers -

Men

- Lung
- Liver
- Gall Bladder
- Pancreas
- Bone Marrow
- Thyroid
- Prostate
- Testicular
- Colon
- Bladder
- Kidney
- Stomach
- Nose

Ladies

- Lung
- Liver
- Gall Bladder
- Pancreas
- Bone Marrow
- Thyroid
- Pelvis
- Uterus
- Breast
- Colon
- Bladder
- Kidney
- Stomach
- Nose

ANNEX C

Patient advisory for health screening

Do I need to fast?

You will need to fast 6 hours prior to your scheduled appointment. This means you should avoid consuming any food or beverages with the exception of plain water. The purpose of fasting is to achieve accurate results for your blood test.

What do I need to bring?

- NRIC / Passport
- As we will be testing your vision, please remember to bring along your glasses / contact lenses for distant and near vision test.
- In addition, you are strongly encouraged to bring along your most recent health screen result or report and films as our physicians may use that result to check on your health history and progress.

Am I allowed to consume any medications prior to this health screening?

Please postpone taking any morning medication, unless otherwise advised by your physician, until / after your health screening.

Will I be given any stool / urine bottle for my scheduled health screening?

Your urine specimen will be collected on the day of your appointment. Stool and urine containers will be provided on your health screening appointment day.

What if I'm having my menstrual period on the day of my scheduled health screening?

You can still do your health screening, but it is advisable to book your appointment around day 10-14, after your last menstrual period. Please inform the nurses or doctor if you're menstruating on the day of your appointment.

ANNEX C (CONTINUED)

Patient advisory for health screening

What is the estimated time taken for this health screening process?

The entire screening can be completed in one morning or afternoon.

Instructions for Ultrasounds

- *For Ultrasound Abdomen / Liver*

NO FOOD OR FLUIDS at least 6 hours before the examination.

- *For Mammogram / Ultrasound Breast*

Refrain from applying perfume, powder or deodorant on the breast or armpits area. Please avoid this examination if you are, or suspect that you are pregnant.

- *For Ultrasound Pelvic / Prostate*

You are encouraged to drink 4 - 8 glasses of plain water one hour before the test. DO NOT empty your bladder until the test is done.
